

# Valley Physical Therapy-North Valley Physical Therapy-West

Evan Jones PT, OCS, Clinic Director  
Gina Paine PT, DPT, Clinic Director

## POSITION INFORMATION

### Physical Therapist

Therapeutic Associates is seeking a Physical Therapist to split a full-time schedule between our Valley Physical Therapy-North clinic and our Valley Physical Therapy-West clinic, both in Salem. Looking for a motivated therapist interested in contributing to collaborative and fun learning environments. Offering a competitive compensation package to include salary, medical/dental/vision, generous continuing education, PTO, and 401(k)/profit sharing program. Other benefits are negotiable. TAI offers one-on-one clinical mentorship, leadership training, and the opportunity to become a company owner. Experience or interest in ortho and manual therapy preferred. New grads welcome to apply.

Our clinics treat a wide range of orthopaedic conditions and patient demographics with a strong emphasis on manual therapy, exercise prescription, and home education. Specialty programs at Valley PT-North include ASTYM™, athletic training, TMD and work kinetics/ergonomics. Valley PT-West offers ASTYM™, post-surgical rehab, neck and back care, headache treatment, women's health, and sports rehab. Visit [www.therapeuticassociates.com](http://www.therapeuticassociates.com) for more information.

Contact Lori Dillon, Recruitment Director, via email, phone or fax for more information:

## CLINIC INFORMATION

TAI Valley Physical Therapy-North is a multi-therapist practice that has been in Salem for more than 20 years. We are proud of our excellent reputation in the community and work hard to build strong relationships with our patients and referral sources. Our philosophy is to evaluate and treat the cause of the problem and not just the symptoms. We treat a wide range of orthopaedic conditions and a patient population predominately in the 20-70 age range. We strongly encourage staff to pursue advanced manual therapy training and provide financial and other resources to do so.

TAI Valley Physical Therapy-West opened in January 2011 and has since built a loyal and supportive patient base. We are known for our superior customer service, excellent outcomes, and individualized care. We treat all orthopaedic conditions and focus on manual therapy and exercise with a variety of specialty programs. Our ultimate goal is to help our patients lead active lives. Our clinic is bright, open and inviting and our staff is welcoming and fun.

## SALEM AREA

Salem, the capital city of Oregon, is located midway between Portland and Eugene in the middle of the fertile Willamette Valley. We enjoy a mild climate with changing seasons and a family-friendly environment. With mountains and the Oregon coast to the west, mountains and lakes to the east and an abundance of rivers surrounding it, the area offers a wide variety of outdoor recreation opportunities year round. The community also supports non-profit arts, cultural, and historic organizations. We enjoy an affordable real estate market and quality schools for elementary through college education.

## CLINIC DIRECTORS

### **Evan Jones PT, OCS, Director of Valley Physical Therapy-North**

Evan graduated from The University of Iowa School of Physical Therapy in 1977. He began his clinical practice in 1977 with Bob Gifford, PT at Medical Center Physical Therapy in Portland, Oregon. During that period he worked as a staff physical therapist and athletic trainer for the Portland Timbers Soccer Club, a member of the former North American Soccer League. In 1983 he moved to Salem, Oregon and established a key person office for Therapeutic Associates. His interests in physical therapy include manual therapy, sports injury rehabilitation, and general orthopedics. Outside of the office his interests have included mountaineering, sea kayaking, and cross country skiing. In more recent times he can be found watching his kids playing soccer or swimming.

### **Gina Paine PT, DPT, Director of Valley Physical Therapy-West**

Gina was born in Pensacola, Florida but quickly made her way out west where she grew up in Rogue River, a small town in southern Oregon, surrounded by family and country. Gina had desires of pursuing a career in the medical field beginning in the 7th grade. She completed her undergraduate coursework at Oregon State University in 1995, earning a Bachelor's degree in General Science. Prior to continuing her education she spent one year in South Korea teaching conversational English to children and adults of all ages. Upon returning to the United States she completed her Master's and Doctorate Degrees in Physical Therapy and graduated with distinction from Pacific University in Forest Grove, Oregon in 2001.

Gina took her knowledge and skills across the country, practicing in Virginia, Florida, Texas, and California. She stood along side her husband as he fought to protect our country as an Officer in the United States Marine Corps. They returned in 2006 with their two sons to be close to family and their beloved home of Oregon. Gina began working for TAI in October 2006 and opened a new clinic in West Salem in December 2010. Gina brings with her a variety of experience, with special interests in orthopedics, spine care, and women's health. She feels very fortunate to have trained with excellent therapists in the north, south, east, and west. When she is not working at the clinic, she takes pride in fulfilling the duties of her other fulltime job as a mom. She enjoys nearly every outdoor activity, with running and fishing at the top of her list.
